

Nyota

Underwater Light

- Proprietary composite
- Impact resistant blended polycarbonate housing
- Ultra thin design
- Stainless steel or black carbon bezel
- Broad beam COB technology
- Cable length - 6'
- Continuous thermal foldback
- Made in the USA
- Heat annealed lens has been hard coated for optimal clarity and strength
- Available in blue and white

Product Details:

Voltage	10-30VDC internally regulated
Power consumption	15W @12VDC
Amperage	1.25A @12VDC
Thermal protection	Continuous thermal foldback capability
Lumens	1300lm
