

Sola Underwater Light

- Proprietary composite
- Impact resistant blended polycarbonate housing
- Ultra thin design
- Delrin glass filled bezel
- Cable length - 6'
- Continuous thermal foldback
- Made in the USA
- Heat annealed lens has been hard coated for optimal clarity and strength
- Available in blue and white

Product Details:

Voltage	10-30VDC internally regulated
Power consumption	15W @12VDC
Amperage	1.25A @ 12VDC
Thermal protection	Continuous thermal foldback capability
Lumens	700-750
Hole size	.200" minimum (for wires to pass through)
